

**Help Stop the Northeast Supply Enhancement Project:  
Tell Governor Murphy to Say NO to NESE!**

**Call Governor Murphy at (609) 292-6000**

**Sample Phone Script**

Hello, my name is \_\_\_\_\_, I am a resident of \_\_\_\_\_.

I am calling to express my strong opposition to William/Transco's proposed the Northeast Supply Enhancement Project. Not only is this project against your green energy agenda, it would be disastrous to our environment and climate. The project also poses a serious public health threat from increased air and water pollution. I urge you to say no to NESE because

\_\_\_\_\_  
\_\_\_\_\_

\_\_\_\_\_.

*(What you care about? Why do you want NESE denied?(marine life, air pollution, water pollution, climate change, fossil fuels, public health and safety, renewable energy agenda, etc.)*

NESE is unnecessary and ecologically devastating. Our future is at stake and approving NESE would lock our region into decades of continued fossil fuel dependency. I am counting on your leadership to end this blatant attack on our environment. Governor Murphy, Say NO to NESE.
