

S.O.S: RALLY TO SAVE OUR SEA!!

HELP STOP OCEAN BLASTING AND DRILLING

A One – Two PUNCH to the Ocean is Looming!

The Trump Administration is poised to:

- 1) Issue five permits that will blast the ocean in search of oil which will shock, stun and kill marine life from Cape May to Cape Canaveral
- 2) Finalize areas for offshore oil and gas drilling, which could include the Jersey Shore!

Impacts include:

- Scattering Fish from the relentless noise - fish catch rates decrease by 40% to 80% over hundreds of square miles around a single air gun array.
- Harm or death to all marine life, from zooplankton to whales and everything in-between.
- Death to marine life: 31 of 46 stranded turtles died following seismic testing in Israel. The turtles had fluid, including blood, in their lungs indicative of seismic harm.
- The Trump Administration has rolled back critical protections making the next BP Oil Spill more likely.

One of 31 deceased turtles following seismic testing in Israel

Unite!! Voice your opposition to ocean blasting and drilling!

Join elected officials, business leaders, and citizens –small and tall to defend the ocean from these disastrous, unnecessary threats that will harm the Jersey Shore's environment, economy and way of life!

WHERE: Cape May Convention Hall, 714 Beach Ave, Cape May, NJ

WHEN: March 18, 2019 from 12 PM to 2 PM
